

## **TNC 2017 Fundraiser & Service Project**

### **Mayan Rainforest & Mesoamerican Reef Big Darby Headwaters Preserve Tree Planting**

**Thank you for helping ILS Raise  
\$21, 532!!!**

ILS's fundraiser benefiting The Nature Conservancy's projects in the Mayan Rainforest and Mesoamerican Reef was a huge success because of your support! We are passionate about the environment and protecting biodiversity around the world. On top of raising funds for South American conservation efforts, ILS team members and clients joined together to plant over 75 Willow Trees at the Darby Headwaters Preserves in Central Ohio. The Big Darby Creek is the most biodiverse eco system in the Midwest.
